

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, FEBRUARY 23, 2010**, upon the application of **WANTAGH ENERGY, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Russell Coal Seam Zone**, in the Salt Field, Winn Parish, Louisiana.

1. To establish rules and regulations and create one (1) coal seam natural gas unit, pursuant to LSA R.S.30:5.2 for the exploration for and production of coal seam natural gas and related hydrocarbons, such unit to be designated SR CSNG UNIT 1.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units, with each tract sharing in unit production and costs on a surface acreage basis of participation.
3. To designate Wantagh Energy, LLC. as the unit operator for the proposed unit.
4. To authorize the unit operator to drill as many wells to serve the proposed unit as may be necessary to efficiently and economically drain the coal seam natural gas producing area.
5. To provide that any future wells drilled to and completed in the Russell Coal Seam Zone within or outside of the proposed unit should be exempt from the spacing between wells but should be located no closer than 330 feet to any unit boundary.
6. To consider such other matters as may be pertinent.

The Russell Coal Seam Zone is hereby defined as being that coal seam natural gas bearing zone encountered between the depths of 2,680' and 3,752', electrical log measurements, in the Pano Tech Exploration Co.-Tremont No. 2 Well, located in Section 21, Township 10 North, Range 1 West, less and except all non-coal intervals encountered within such zone.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
